**REMARKS**

Applicant herewith submit a revised Figure 5 where each ICU 22 has a second input coupled to demodulator 29. The revised drawings show the outputs from the primary demodulators being input into each ICU 22. Additionally, Applicant notes that each stage has several ICUs as shown in Figure 5. This is also shown in Figure 6. Thus, Applicant respectfully requests withdrawal of the rejection to Figure 5 and acceptance of the revised drawings.

Applicant has responded to all of the rejections and objections recited in the Office Action. Reconsideration and a Notice of Allowance for all of the pending claims are therefore respectfully requested.

In view of the above, each of the presently pending claims in this application is believed to be in immediate condition for allowance. Accordingly, the Examiner is respectfully requested to withdraw the outstanding rejection of the claims and to pass this application to issue.

If the Examiner believes an interview would be of assistance, the Examiner is welcome to contact the undersigned at the number listed below.
